I'm Nabila. Today my grandma showed me some old photos of our city. It was a town back then! She could walk to the sea from her house - across fields! There were lots of green spaces, and it looked so peaceful in the photos. Now, there's hardly any open land left. It's all been taken over by construction. The population has grown so much that there are apartment buildings from here to the sea. I love my city.

This week at school, we're talking about digital habits. I thought about how, when, and how often I use digital technology and I realized that my digital habits are quite good. For example, I never watch video or look at my phone for too long in the evening. I usually read a book in the hour before I go to bed instead to give my eyes a rest from looking at a screen.
